

Ravensby Aqua Self-Cleaning Glass

Aqua-green tinted roof glass with high performance solar control coating and low maintenance self-cleaning.

Benefits

- Pleasant and relaxing aqua-green.
- Reflects up to 78% of the sun's heat, reducing the need for blinds that will obscure your view.
- Optimum solar protection and thermal insulation when combined with high performance soft coat low 'E'.
- Gives the best available solar control.
- Aqua tint helps to absorb the sun's light and reduce uncomfortable glare by over 65%
- Reduces the bleaching effect of the sun by blocking 94% of the sun's UV rays, prolonging the life of your conservatory furniture and soft furnishings.
- Glass stays cleaner for longer.
- Easier and less frequent cleaning.
- Reduced impact noise of precipitation compared to polycarbonate roof panels.

Normal Glass SGG BIOCLEAN®

78% Heat Reflection

68% Reduced glare
