

JOB VACANCIES

Production Supervisors

We are a busy leading Glass processing organisation and are currently looking for full- time production supervisors to lead and organise a small team.

Ideally you will have strong organisational skills, previous supervisory skills and be able to communicate, motivate, support and train others. It is a hands on role and you should also be computer literate. Previous production/manufacturing background would be beneficial.

This is a permanent position and hours will be between 36 and 46 hours, exact shift pattern will be determined by which team you work with. You must be available for 6am starts and potentially weekend working.

Wages will be dependent on experience.
