

Enduroshield Benefits

- **Ultimate Protection:**
Optically clear, UV stable, chemical resistant, water and oil repellent
- **Highly Durable:**
Bonds to the glass and comes with a 10 year performance warranty
- **Reduces Maintenance Costs:**
Enduroshield keeps glass visibly cleaner for longer and reduces the frequency between cleans
- **Suitable for all types of glass:**
From balustrading to high-rise glazing, insulated glass, painted splashbacks and spandrel panels. Enduroshield is the smart choice for glass surfaces.

Enduroshield

Enduroshield provides long-lasting protection for all interior and exterior glass projects, and significantly reduces maintenance costs. Enduroshield turns standard glass into easy-clean, non-stick surfaces whilst providing long-term protection that has been durability tested for a simulated lifetime of 10 years*. Furthermore, the high performance Enduroshield coating is effective during construction; concrete splatter and building debris can be easily removed from the glass, reducing the risk of scratching.

*Based on 10 years of simulated normal use and certified by TUV Rheinland.
