

Fabric Square, Bradford St, Birmingham- Climaguard A 1.0

Newsletter- April 2018

Whilst the façade sector has seen a quieter start to 2018, Ravensby Glass have been active on many fronts throughout our business with completion of many longer term projects. An enhancement of both our engineering and quality departments, and involvement in an excellent local charity supporting Down syndrome.

Solar Shield- Roof Glass

SOLAR SHIELD

HIGH PERFORMANCE ROOF GLASS

We have recently launched a new High Performance Roof Glass branded Solar Shield. This glass is available in a clear or blue tint and the properties can be seen below.

SOLAR SHIELD	
Clear	
61% Visible Light Transmission	
65% Heat Reflection	
99% UV Protect	
1.0W/m2K U-Value	
Reduced Condensation	
Enduroshield Easy Clean	
SOLAR SHIELD	
Blue Tint	
41% Visible Light Transmission	
79% Heat Reflection	
99% UV Protect	
1.0 W/m2K U-Value	
Reduced Condensation	
Enduroshield Easy Clean	

Benefits

- ❖ Pleasant and relaxing blue tint.
- ❖ Reflects up to 79% of the sun's heat, reducing the need for blinds that will obscure your view.
- ❖ Optimum solar protection and thermal insulation when combined with high performance soft coat low 'E'.
- ❖ Gives the best available solar control.
- ❖ Blue tint helps to absorb the sun's light and reduce uncomfortable glare by over 65%
- ❖ Reduces the bleaching effect of the sun by blocking 99% of the sun's UV rays, prolonging the life of your conservatory furniture and soft furnishings.
- ❖ Glass stays cleaner for longer.
- ❖ Easier and less frequent cleaning.
- ❖ Reduced impact noise of precipitation compared to polycarbonate roof panels.

Yorglas- New Designs now Available

We have recently launched a new range of obscure patterned glass. This obscure glass is ideal for shower enclosures, office partitions, privacy, and style to let more light into internal rooms. All available in 6mm except Trust which is 10mm safety glass.

- Satin finish available in blue and grey for a retro style to your interiors

Trust is a 10mm safety glass with superb anti-slip properties. When laminated this glass makes a strong flooring product, ideal for walkways and stair treads.

- Fame is an etched low iron glass suitable for shower enclosures, glass doors and office partitions
- Illusion is a double sided acid etched glass suitable for office partitions or screens.

National Down syndrome Day!

Mike Fenton our Engineering Manager helped Ravensby Glass raise £250 as part of the raffle for National Down Syndrome Day. The raffle was to raise money for Dundee's Disabled children's association who has helped Mike's niece to live a happy life.

DDCA are a local independent charity providing activities and support for children and young people with extra support needs and their families

We are delighted to have helped raise £250 to an overall total of £1506.31 for this wonderful charity and also all wore our colourful odd socks on Wednesday 21st March to help support those living Down syndrome.

Engineering News

In August 2014 Ravensby put a second apprentice Isaac Small through a 6 month basic training programme at the Michelin Training centre in Dundee, thereafter in Jan 2015 he then came back to Ravensby and within the first 2 years he completed a HNC at Dundee College in Engineering Systems. He then went on to complete a SVQ again at Michelin training centre as well as in house training and has recently qualified as a multi skilled engineer on Friday 30th March, which is 4 month earlier than planned.

Since then we have offered Isaac a full time position as a qualified engineer. We wish him all the best with his new position.

John Winton- New Engineer

John Winton our new engineer started on 26th February 2018, initially went through 3 weeks training with Mike Fenton our engineering manager then on the 23rd March started the weekend nightshift at our Tom Johnston Road factory doing preventative maintenance and planned projects to fit in with production requirements.

New Office Staff Members

Jackie Skewis joined us in October 2017 as an Administration Assistant. She deals with all the incoming delivery's and puts them onto the purchase ledger & stock file. Also checks Invoices when they come in & gets them signed off for payment. Jackie comes from an Administrative background of 23 years.

Emma Dickson joined us in February 2018 as our Marketing & Sales Executive. She promotes and raises awareness of products to customers along with managing our digital media platform. Emma graduated from Robert Gordon University in 2016 with an Honours Degree in Business Management with HRM.
